GENERAL INFORMATION

This program of courses will provide opportunities for advanced study in special fields to dentists who wish to be better prepared to meet their responsibilities to the public. The courses of instruction place particular emphasis on clinical practice.

The major objective of the program is to provide opportunities for the instruction requested by returned servicemen. These courses are not designed to lead to specialization, and may not be counted for credit towards any degree or certificate conferred by the University. Graduate courses leading to a Certificate of Training are described in a separate Announcement which is obtainable upon request.

ADMISSION AND PAYMENT OF FEES

Application for admission to all courses should be made as early as possible. An application form is enclosed in this Announcement. The full tuition fee should be forwarded with the application, and is not refundable unless an applicant is not accepted by the Committee on Admissions, or the course is cancelled. Veterans, who at the time of their registration file a certificate of eligibility from the Veterans Administration, will be eligible for a refund of the entire tuition fee or such part thereof payable by the Veterans Administration after the beginning date of the course. Checks should be made payable to Columbia University.

All applications, correspondence, and requests for information should be addressed to the Secretary of Admissions, School of Dental and Oral Surgery, 630 West 168th Street, New York 32, New York.

RESIDENCE ACCOMMODATIONS

A limited number of rooms are available in the University dormitories for special students. Application should be made directly to the Director of University Residence Halls, 125 Livingston Hall, Columbia University, 116th Street and Broadway, New York 27, New York.

Reservations for rooms in hotels while the courses are in progress may be made directly to the following hotels:

King's Crown Hotel, 420 West 116 Street,
New York, N. Y.

Paris Hotel, 97 Street and West End Avenue,
New York, N. Y.

OUTLINE OF COURSES

Note: The University reserves the right to withdraw or modify these courses or to change the instructors as may seem wise. The number of students admitted to each class is limited.

PD 401. Applied Anatomy of the Head and Neck. Fee \$40.00. Dr. H. H. SHAPIRO.

2:00-4:00 p.m. Five sessions; Monday through Friday.

This course will be offered at intervals during the school year as classes are filled. Each class is limited to fifteen students. Applicants should state preference as to date. The course will consist of lectures, discussions and demonstrations. Wet specimens and prepared dissection will be used for demonstration purposes. In this review of anatomy, emphasis will be placed on structural relationships and their applications in special fields of dentistry such as oral surgery, orthodontics, prosthetics, roentgenology, and in the general practice of dentistry. The estimated cost of books is \$5.50.

PD 402. Crown and Bridge. Fee \$240.00. Dr. GILBERT SMITH and Associates.

October 14, 1946 to May 31, 1947, inclusive. Two three-hour sessions per week.

This course in fixed partial replacements will consist of demonstrations and clinical practice in the construction of fixed bridges. Tooth preparation, abutment and pontic construction and assembly will be stressed and consideration given to the uses of acrylic resins. Each student will carry through to completion the work assigned to him on each patient.

PD 402A. Crown and Bridge. Fee \$240.00.

Four three-hour sessions per week for 15 weeks. Hours to be arranged.

PD 402B. Crown and Bridge. Fee \$240.00.

Six three-hour sessions per week for 10 weeks. Hours to be arranged.

PD 402C. Crown and Bridge. Fee \$240.00.

Ten three-hour sessions per week for 6 weeks, full time.

PD 402A, 402B, and 402C are modifications of PD 402 only as to the time the courses will be given. The dates will be arranged. Crown and Bridge Instruments (code letter "A"), estimated cost \$107.65; Books, estimated cost \$16.25. A portable engine and instrument case must be rented from the school at \$5.00 for the engine and \$2.50 for the instrument case.

PD 403. Diagnosis. Fee \$80.00. Dr. ZISKIN and Associates.

1:30-3:30 p.m. Monday to Friday; November 11 to November 22, 1946, inclusive.

This course will present an orderly procedure in the charting of a patient's mouth, including examination, history-taking, dental x-ray interpretation, diagnosis, and treatment planning. Various diseases of the dental pulp will be discussed from the standpoint of clinical pulp symptomatology. A new method of pulp diagnosis with the use of an improved electrical tester will be demonstrated. Diseases of the gingivae and oral mucous membranes will be presented with special stress on the signs, symptoms and methods of differentiation. The estimated cost of books is \$3.50.

PD 404. Operative Dentistry. Fee \$240.00. Dr. OMAN and Associates.

Two three-hour sessions per week. Hours to be arranged; October 14, 1946 to May 31, 1947, inclusive.

This course for the general practitioner will increase his knowledge and improve his skill in operative dentistry. The course will consist of demonstrations and clinical practice. There will be a comprehensive clinical review of the principles of cavity preparation, the use and the physical properties of filling materials of various types.

PD 404A. Operative Dentistry. Fee \$240.00.

Four three-hour sessions per week for 15 weeks. Hours to be arranged.

PD 404B. Operative Dentistry. Fee \$240.00.

Six three-hour sessions per week for 10 weeks; full time.

PD 404C. Operative Dentistry. Fee \$240.00.

Ten three-hour sessions per week for 6 weeks; full time.

PD 404A, 404B, and 404C are modifications of PD 404 only as to the time the courses will be given. The dates will be arranged. Operative instruments (code letter "B"), estimated cost \$181.46; Books, estimated cost \$11.00. A portable engine and an instrument case must be rented from the school at \$5.00 for the engine and \$2.50 for the instrument case.

PD 405. Operative Dentistry. Fee \$80.00. Dr. OMAN and Associates.

Two weeks full time. Dates to be arranged to suit the convenience of the student.

This course will give intensive instruction in the operative procedures of gold foil and gold inlay. Standardized systematic technics will be taught, which will enable the student to increase his knowledge and to improve quickly his ability. Instruments and books required will be similar to those of PD 404.

PD 406. Pulp Canal Therapy. Fee \$240.00. Dr. KOLLEN.

Two three-hour sessions per week; October 14, 1946 to May 31, 1947, inclusive; Wednesday and Friday afternoons.

This course will consist of laboratory exercises and clinical practice. Indications and contraindications for operative procedures, obtaining proper access to root canals, and the treatment of vital and non-vital teeth will be taught. Laboratory technic covering procedure of opening, enlarging, and filling canals of anterior teeth will precede the clinical practice on patients. Pulp Canal Therapy instruments (code letter "J"), estimated cost \$4.00; Books, estimated cost \$11.00.

PD 407. Advanced Pathology. Fee \$160.00. Drs. H. P. SMITH, CAHN and FLYNN.

9:00 a.m.—12 noon, Monday and Saturday, July 8 to November 23, 1946.

This course will provide correlation between pathological anatomy and clinical application. Special attention will be given to the criteria of malignancy, to the problems of injury and repair, and to the special characteristics of neoplasms. The first three months of the course will be devoted to general pathology so arranged as to be of interest to all specialties in medicine. The needs of each specialty will be met by work in special sections. The last two months will be devoted exclusively to Dentistry. Students will make their own arrangements to provide microscopes. The estimated cost of books is \$5.50.

PD 407A. Advanced Pathology. Fee \$160.00.

Two three-hour sessions per week, 9:00 a.m.—12 noon, Monday and Saturday, January 6—May 24, 1947.

This course is a repetition of PD 407.

PD 408. Pedodontics. Fee \$120.00. Dr. McBEATH and Associates.

One three-hour session per week. Hour to be arranged. October 12, 1946 to May 31, 1947, inclusive.

This course will consist of demonstrations and clinical practice. Group discussions pertaining to juvenile dental patients will be included.

PD 408A. Pedodontics. Fee \$120.00.

Two three-hour sessions per week for 15 weeks. Hours to be arranged. October 14, 1946 to May 31, 1947, inclusive.

PD 408B. Pedodontics. Fee \$50.00.

Two weeks full time; 9:00 a.m. to 4:30 p.m., Monday through Friday, June 17 to 28, 1946, inclusive.

This course will consist of lectures, demonstrations, and discussions as well as clinical practice in pedodontics. Lectures and demonstrations in related fields will be included. Students will be given an opportunity to learn the management of juvenile patients. PD 408A is a modification of PD 408 only as to the time the course will be given. Pedodontics instruments (code letter "D"), estimated cost \$115.60; Books, estimated cost \$6.00. An instrument case must be rented from the school for \$2.50.

PD 409. Periodontology. Fee \$150.00. Dr. LEONARD and Associates.

9:00 a.m.—4:30 p.m., Monday through Friday, June 2 to 13, 1947, inclusive.

There will be lectures, discussions and demonstrations in diagnosis, charting, treatment planning, Vincent's infection, nutritional and metabolic factors, physiology and pathology of the supporting structures, replacement procedures and development of periodontology methods. Clinical practice will include conservative treatment, surgical treatment and occlusal equilibration. Clinical and pictorial demonstrations will be given in methods outlined above. Periodontology instruments (code letter "E"), estimated cost \$31.48.

PD 410. Periodontology. Fee \$150.00. Dr. LEONARD and Associates.

One session per week; 2:00—5:00 p.m., Wednesdays, October 16, 1946 to May 14, 1947, inclusive.

This course will consist of lectures, demonstrations and clinical practice, covering the subject matter described in PD 409. (Instruments required will be similar to those in 409.)

PD 411. Surgical and Maxillofacial Prosthesis. Fee \$240.00. Drs. GILBERT SMITH, BEDER and SAPORITO.

Two three-hour sessions per week. Hours to be arranged. October 14, 1946 to May 31, 1947, inclusive.

A course in surgical prosthesis will acquaint the student with the methods of treatment of intra-oral and extraoral deformities. Appliance therapy will be demonstrated and the student will obtain technic experience and clinical practice in the construction of obturators, stents, intraoral splints and rhinoplastic devices. Instruction will be given in the construction of mouldages.

PD 411A. Surgical and Maxillofacial Prosthesis. Fee \$240.00. Drs. GILBERT SMITH, BEDER and SAPORITO.

Four three-hour sessions per week for 15 weeks. Hours to be arranged.

PD 411B. Surgical and Maxillofacial Prosthesis. Fee \$240.00.

Six three-hour sessions per week for 10 weeks. Hours to be arranged.

PD 411C. Surgical and Maxillofacial Prosthesis. Fee \$240.00.

Ten sessions per week for 6 weeks, full time.

PD 411D. Surgical and Maxillofacial Prosthesis. Fee \$100.00.

Two weeks full time. June 17 to 28, 1946, 10:00 a.m.—4:30 p.m. Monday through Friday, inclusive.

PD 411A, 411B, and 411C are modifications of PD 411 only as to the time the courses will be given. The dates will be arranged. Instruments (code letter "H"), estimated cost \$41.73. A portable engine and an instrument case must be rented from the school at \$5.00 for the engine and \$2.50 for the instrument case.

PD 412. Full Dentures. Fee \$240.00. Dr. GILBERT SMITH and Associates.

Two three-hour sessions per week. Hours to be arranged. October 14, 1946 to May 31, 1947, inclusive.

This course in full denture prosthesis will include concentrated clinical practice and instruction in the use of the anatomical articulator. Students will be assigned edentulous patients for the construction of dentures.

PD 412A. Full Dentures. Fee \$240.00. Dr. GILBERT SMITH and Associates.
Four three-hour sessions per week for 15 weeks. Hours to be arranged.

PD 412B. Full Dentures. Fee \$240.00.
Six three-hour sessions per week for 10 weeks. Hours to be arranged.

PD 412C. Full Dentures. Fee \$240.00.
Ten three-hour sessions per week for 6 weeks. Full time.

PD 412A, 412B, and 412C are modifications of 412 only as to the time the courses will be given. The dates will be arranged. Instruments (code letter "G"), estimated cost \$156.01; Books, estimated cost \$28.25. A portable engine and an instrument case must be rented from the school at \$5.00 for the engine and \$2.50 for the instrument case.

PD 413. Partial Dentures. Fee \$240.00. Dr. GILBERT SMITH and Associates.
Two three-hour sessions per week. Hours to be arranged. October 14, 1946 to May 31, 1947, inclusive.

This course in partial (clasp) dentures will consist of concentrated clinical and laboratory practice in removable partial denture construction. The clinical portion will consist of diagnosis, design, and mouth preparation. The laboratory portion will include model duplication, cast survey, fabrication of wax patterns, casting of gold harnesses, finishing of castings, and processing of plastics. Each student will carry through to completion all clinical and laboratory phases of the work.

PD 413A. Partial Dentures. Fee \$240.00. Dr. GILBERT SMITH and Associates.
Four three-hour sessions per week for 15 weeks. Hours to be arranged.

PD 413B. Partial Dentures. Fee \$240.00.
Six three-hour sessions per week for 10 weeks. Hours to be arranged.

PD 413A and 413B are modifications of PD 413 only as to the time the courses will be given. The dates will be arranged. A portable engine and an instrument case must be rented from the school at \$5.00 for the engine and \$2.50 for the instrument case. Instruments (code letter "F"), estimated cost \$167.56; Books, estimated cost \$28.25.

PD 413C. Prosthetic Dentistry. Fee \$240.00.
July 8 to August 16, 1946, inclusive. Ten three-hour sessions per week.
Monday through Friday 9:00 a.m. to 4:30 p.m.

This course will consist of concentrated clinical and laboratory practice in partial dentures. Instruction in both fixed and removable partial dentures will be given. Students will be required to rent a portable engine—fee \$5.00, and instrument case—fee \$2.50. Instruments (code letter "I," modified), estimated cost \$160.00; Books, estimated cost \$28.25.

PD 414. Research Methods. Fee \$180.00. The Dental School Staff.
Two three-hour sessions per week. Hours to be arranged; October 14, 1946 to May 31, 1947, inclusive.

This course will allow qualified dentists to broaden their experience and training in the fields of dental research. Students will be assigned to the division of their choice in the dental school where they will pursue their studies under the direction of the regularly assigned dental staff. Facilities for carrying on research will be provided by the school, but materials and equipment necessary must be furnished by the student. A written report of research accomplishments will be required.

PD 414A. Research Methods. Fee \$250.00. The Dental School Staff.
Four three-hour sessions per week. Hours to be arranged; October 14, 1946 to May 31, 1947, inclusive.

PD 414B. Research Methods. Fee \$300.00. The Dental School Staff.

Six three-hour sessions per week. Hours to be arranged; October 14, 1946 to May 31, 1947, inclusive.

No instruments or books are required.

PD 415. Oral Surgery. Fee \$240.00. Drs. HICKEY, BIRENBACH, STERN, TANCHESTER and Staffs.

Two three-hour sessions per week. Hours to be arranged; October 14, 1946 to May 31, 1947, inclusive.

A course in surgery consisting of discussions, demonstrations and clinical instruction in the removal of teeth and the administration of local anesthesia. The principles underlying the application of forceps and elevators will be taught. The eradication of dental foci of infection, alveolectomy and other related procedures will be considered.

PD 415A. Oral Surgery. Fee \$240.00.

Four three-hour sessions per week for 15 weeks. Hours to be arranged.

PD 415B. Oral Surgery. Fee \$240.00.

Six sessions per week for 10 weeks. Hours to be arranged.

PD 415A and 415B are modifications of PD 415 only as to the time the courses will be given. The dates will be arranged. Attendance at hospitals or institutions separated from the Medical Center, but which are affiliated with Columbia University, may be substituted for attendance at the school when deemed necessary. The estimated cost of books is \$40.00.

PD 416. General Course in Restorative Dentistry. Fee \$480.00. Drs. GILBERT SMITH and OMAN and Staffs.

Full time. Daily, 9:00 a.m.-4:30 p.m. and Saturdays 9 a.m. to 12 noon. October 7, 1946 to February 3, 1947.

This course will be predominantly a clinical course in restorative dentistry. There will be lectures and demonstrations describing procedures involved in the various aspects of tooth restoration and replacement. Patients will be assigned to each student who will be expected to carry through cases to their completion. The newer clinical practice will be given in related fields of interest. Students will be required to rent a portable engine—fee \$5.00 and an instrument case—fee \$2.50. Instruments (code letter 'I'), estimated cost \$239.69; Books, estimated cost \$64.50.

PD 416A. General Course in Restorative Dentistry. Fee \$480.00.

Full time. Daily, 9:00 a.m.-4:30 p.m. and Saturdays 9 a.m. to 12 noon. February 17, 1947 to June 2, 1947.

This course will be a repetition of PD 416.

PD 417. Orthodontics. Fee \$160.00. Dr. TOTTEN and Staff.

Four weeks full time; hours 9:00 a.m. to 4:30 p.m. daily, Monday through Friday. Dates to be arranged.

An intensive course in the principles and technics of orthodontics will be given to returning servicemen who were qualified practitioners of this specialty. It will give them an opportunity to review the theory and technic of the various orthodontic methods of treatment. Students may apply at any time during the year. No instruments or books are required.

PD 418. Orthodontics. Fee \$150.00.

This course will be an intensive theoretical and practical course for orthodontists who desire special training in the technic of assembling and manipulating the Edgewise Arch Mechanism. The principles and methods of treatment of malocclusion, as advocated by Dr. C. H. Tweed, and further developed by Dr. R. H. W. Strang, will be presented and the technical instruction will be based on this particular method of correcting malposed teeth. Thirty hours will be devoted to lec-

tures and twenty-four hours will be assigned to quizzes and conferences. Fifty hours of technical instruction will be given in the assemblage and manipulation of the Edgewise Arch Mechanism. Some preliminary preparation will be required. (Course PD 418 will not be offered during 1946-1947.) Instruments (code letter "C"), estimated cost \$121.79; Books, estimated cost \$11.00.

PD 419. Orthodontics. Fee \$75.00. Dr. JOSEPH JOHNSON and Associates.

9 a.m.-5 p.m., daily and 9 a.m. to 12 noon Saturday, December 1 to 7, 1946, inclusive.

This course will consist of lectures, informal conferences and technical training in the construction of bands, lingual arch and the use and adaptation of the Joseph E. Johnson Twin Wire Mechanism; the basic principles of treatment are associated with the application of this device for the correction of malocclusion of the teeth. Each student will be required to bring the casts of two cases from practice, the diagnosis and treatment of which will be discussed. Instruments (code letter C₁), estimated cost \$130.46.

PD 420. Orthodontics. Fee \$75.00. Dr. JOHN V. MERSHON and Associates.

Full time; 9 a.m.-5 p.m. daily, 9 a.m. to 12 noon Saturday, April 7 to 12, 1947, inclusive.

This course will consist of lectures, informal conferences and demonstrations in the lingual-labial arch mechanism, and the basic principles of treatment associated with this appliance for the correction of malocclusion. No instruments or books are required.

NOTE: Instruments may be obtained at the school or the student may use his own set. A list of required instruments and books will be supplied to those accepted. A carrying case and laboratory engine will be required. These must be rented from the school. In the event the student brings his own instruments, they must be approved by the instructor in charge of the course. No university fee will be charged. The estimated costs of required books and instruments are based upon prices prevailing as of July 1, 1946.

BOOK LIST FOR POSTGRADUATE DENTAL COURSES

1. Applied Anatomy of the Head and Neck. Shapiro, Harry H., J. B. Lippincott Co. 1943, \$5.50.
2. The American Textbook of Prosthetic Dentistry. Anthony, Lavick P., Lea Febiger, 1942, \$11.00.
3. Basic Principles in Dentistry. Sears, Victor H., Pitman Publishing Corp., 1942, \$3.50.
4. Biology and Pathology of the Tooth and Its Supporting Mechanism. Gottlieb, B., & Orban, Macmillan Co., 1938, \$5.50.
5. Chemistry of Food and Nutrition. Sherman, Henry C., Macmillan Co., 6th ed., 1941, \$3.25.
6. Clinical Pathology and Treatment of the Dental Pulp and Periodontal Tissues. Coolidge, Edgar D., Lea & Febiger, 2d ed., 1946, \$7.00.
7. Complete Dentures. Swenson, M. G., St. Louis, C. V. Mosby Co., 1940, \$10.00.
8. Crown and Bridge Syllabus. Departmental, \$.75.
9. The Dental Treatment of Maxillofacial Injuries. Fry, W. Kelsey, Oxford, Blackwell Publishing Co., 1943, \$4.50.
10. Differential Diagnosis of Mouth Diseases. Ziskin, Daniel E., Department of Dental and Oral Surgery, Columbia University, \$3.50.
11. Diseases of Infancy and Childhood. Holt, L. E., & McIntosh, R., D. Appleton Century Co., 11th ed., 1940, \$10.00.
12. Fundamentals of Dental Histology and Embryology. Bodecker, Charles F., Columbia University, 4th ed., 1944, \$4.50.
13. Glandular Physiology and Therapy. American Medical Association, 1942, \$2.50.
14. Growth in Private School Children. Gray, Horace & Ayres, J. G., University of Chicago Press, 1931, \$3.50.
15. Juvenile Dentistry. McBride, Walter, Lea and Febiger, 4th ed., \$6.00.
16. Microbial Antagonisms and Antibiotic Substances. Waksman, Selman A., New York Commonwealth Fund, 1945, \$3.75.
17. Oral Pathology. Thoma, Kurt H., C. V. Mosby Co., 2d ed., 1941, \$15.00.
18. Operative Dentistry. Black, Arthur, Vol. 2, Technical Procedures, Materials, Vol. 3, Treatment of Caries, Medical Dental Publishing Co., 1936, \$11.00.
19. Pathology of the Oral Cavity. Cahn, Lester R., Williams & Wilkins, 1941, \$5.50.
20. Physical Diagnosis. Sutton, Don C., C. V. Mosby Co., 1937, \$5.00.
21. Principles of Medical Statistics. Hill, Austin B., Lancet, 3d ed., 1942, \$2.25.
22. Principles of Orthodontics. Salzman, Jacob A., Philadelphia, J. D. Lippincott Co., 1943, \$10.00.
23. The Principles and Technique of Oral Surgery. Berger, Adolph, Dental Items of Interest Publishing Co., 1928, Brooklyn, N. Y., \$7.00.
24. Prosthetic Syllabus. Departmental, \$3.75.
25. Root Canal Therapy. Grossman, Louis I., Philadelphia, Lea and Febiger, 1940, \$4.00.
26. Sulfanilamide and Related Compounds in General Practice. Spink, Wesley, W., The Year Book Publishers Inc., 1942, \$3.00.
27. Surgical Diseases of the Mouth and Jaws. Padgett, Earl C., W. B. Saunders Co., 1938, \$10.00.
28. A Textbook of Orthodontia. Strang, Robert H. W., Philadelphia, Lea and Febiger, 2d ed., 1943, \$11.00.
29. Theory and Practice of Crown and Bridge Prosthesis. Tylman, Stanley D., St. Louis, C. V. Mosby Co., 1940, \$10.00.
